

Hacksaw electric

Hacksaw electric insulated with three saw blades 150 mm

- **Increases your efficiency** The fine-toothed saw blade allows a clean cut, for example on plastic pipes and metal cable ducts.
- **Facilitates handling** The ergonomic handle is suitable for both right- and left-handed users. Using the plastic screw, the saw blade can be changed quickly and easily.
- **Lowers your costs** Durable and sturdy thanks to bimetallic, flexible saw blade.
- **Offers you full protection** Each tool individually tested at 10,000 V AC and usable for 1,000 V AC.
