

# XXL III electric – Discover new worlds!

**SALES  
INFO**

## Tool set case XXL III electric 100-pcs.

- **Protects your health** On stairs and rough terrain the trolley moves comfortably and smoothly thanks to its large wheels.
- **Simplifies your work** When the legs are folded out, the case serves as a stable and slip-proof step for working on higher locations.
- **Increases the quality of your work** Exact sawing of material at the construction site thanks to a V-shaped incision with a scale in the lid of the case.
- **Protects your health** Elevated position for removing tools from the case due to the extendable legs.
- **Protects your health** Ergonomic handle design makes work easier and prevents occupational illnesses.
- **Protects your health** Recommended by German doctors and therapists.
- **Increases your flexibility** Ample space for additional tools and especially large storage for small parts and machines.
- **Increases your efficiency** A comprehensive tool assortment, always providing you with the right tool when it is needed.
- **Increases your safety** Internationally award-winning VDE-insulated tools, each individually tested at 10,000 V AC and approved for use at 1,000 V AC.
- **Protects your health** Wiha pliers require less force and reduce pressure on wrists.

## Products

*„The Wiha VDE range, with its insulated tools individually tested at 10,000 V AC, is widely recognised as a great innovation.”*

- ✓ The first assortment with slim screwdrivers and the only one worldwide with slimbits.
- ✓ The shortest VDE screwdriver in the world: the Stubby.
- ✓ The "dynamic joints" of our pliers require less effort.
- ✓ Unique tools to assist you in your work: spirit level, flashlight, folding rule, illuminated L-keys, etc.
- ✓ Many tools and even the case itself are recommended by German doctors and physiotherapists.

## Fold-out legs

- › Raised position allows comfortable and back-friendly withdrawal of the tools.
- › Even without a ladder, gain an elevated working position.
- › Stable and non-slip step for work at high altitudes.  
(Does not comply with a standard and therefore need not be tested regularly)

## Fold-out legs

- › Slip-safe rubber feet

## Extra large wheels

- › Highest convenience of transport, even on rough terrain.
- › Barrier-free working.
- › High steps (up to 21 cm) are no problem.

**Worldwide  
unique!**

## Shock absorbers

- › prevent the lid from accidentally closing and prevent crushing the fingers.

## › V-shaped incision

Worldwide  
unique!

- › Mobile work bench.
- › Simplifies work.
- › Guide rails (V-shaped incision) with scales (metric and inch) in the case lid simplify work and the cutting of materials such as cable pipes and channels.

## Personalization

- › Free printing of individual labels after successful registration of the toolbox at myWiha.
- › Anti-theft protection.

## Large storage compartment

- › Greatest possible flexibility thanks to a large storage compartment for additional equipment.

**Worldwide  
unique!**

## Locking the case

- › Locking eyes allow the case to be closed with a lock.
- › Theft protection.
- › Lock not included!

## Recommended by doctors and therapists

- › Recommended by German doctors and physiotherapists of the AGR.
- › Handle close to the body for easy lifting.

**Worldwide  
unique!**

**Worldwide  
unique!**
